

LIVE KEYNOTE

THE VELOCITY WORKBOOK

Find your traffic jam. Build your AI co-worker. Take it home.

NAME _____

BY EMMA PACE · EMMA@SALESGENIUS.CO

HOW TO USE THIS WORKBOOK.

By the end of today, you'll walk out with three things:

- 01** A diagnosis of the **#1 traffic jam** in your business.
- 02** A complete blueprint for an **AI co-worker** that fixes it.
- 03** A **30-day plan** to actually build it.

Every QR code in this workbook goes to a free AI tool that helps you finish the exercise. Scan it with your phone.

"Don't be a passenger. Pick up the pen."

THE STOPLIGHT SYSTEM.

Every real estate business has five intersections.

Every dollar you make happens at one of these. Every one of them has traffic.

RED. I'm doing this from memory, by hand. If I got sick for a week, this stops.

YELLOW. There's a system, but it lives in my head. Sometimes works, sometimes doesn't.

GREEN. Documented. Repeatable. I could hand it off this afternoon.

EXERCISE 01

SCORE YOUR STOPLIGHT.

Check one box per row. Be honest. Your reddest light is the one we're fixing today.

INTERSECTION	RED	YELLOW	GREEN
Marketing	☐	☐	☐
Sales	☐	☐	☐
Client Care	☐	☐	☐
Operations	☐	☐	☐
Finance	☐	☐	☐

Your reddest light: _____

THE 3 RECURRING TASKS INSIDE THAT JAM

Stuck? Scan here →

NOTES.

BUILD A CREW.

You don't prompt AI anymore. You build a crew, from the ground up, in four parts.

CONTEXT

The foundation · the objective you're solving and how your crew should sound.

ROLES

The team of specialists · the crew the AI proposes to fix your blocker.

EQUIPMENT

The connectors and files · what each role needs to do the job.

WORK

The standing task · the one thing your crew runs every week.

Build the CREW from the ground up, and it runs the work without you.

EXERCISE 02 · CONTEXT

TURN YOUR REDDEST LIGHT INTO FOUR LINES.

Not your life story. The objective. Reverse-engineer the one blocker you circled on Page 4.

THE STRUGGLE

I'm struggling with:

THE DREAM OUTCOME

What I want instead:

NEVER

My crew should never:

ALWAYS

My crew should always:

Build it with AI →

EXERCISE 03 • ROLES

YOUR ROSTER, MATCHED TO YOUR JAM.

Circle your jam from Page 4. The AI proposes the crew. Then write the 3 to 5 specialists you'll install.

YOUR JAM	SKILL 1	SKILL 2	SKILL 3
MARKETING	Listing Assistant	Email Writer	Humanizer
SALES	Otto	Objection Handler	Transcribe
CLIENT DELIVERY	Crucial Conversations	Email Writer	Transcribe
OPERATIONS	Otto	Transcribe	Executive Assistant
FINANCE	Market Researcher	Otto	.

MY CREW (3 TO 5)

Get your checklist →

EXERCISE 04 • EQUIPMENT

TICK THE CONNECTORS YOU USE DAY-TO-DAY.

Plus the files worth uploading once: your voice guide, top listings, scripts, market report.

checklist →*

EXERCISE 05 • WORK

WRITE THE WORK.

The ONE recurring task your crew runs without you. This is what pays you back.

The recurring task I'll run: _____

When it runs: _____

specific day + time

Success looks like: _____

If you can't fill this in, your crew has nothing to run. Start here.

*Match your tasks to
skills →*

EXERCISE 06 · COMMIT

YOUR 30-DAY PLAN.

One CREW, built and running, in four weeks.

- ☐ WEEK 1 Write my Context. Upload my files. Tick my connectors.
- ☐ WEEK 2 Install my crew. Run my Work task once.
- ☐ WEEK 3 Run my Work task 3 times. Refine my Context.
- ☐ WEEK 4 Add a second use case OR hire one more specialist.
